

Product Description

Multi-layered metallised auto window film with ideal thickness and different tone options. ORACAL® Basic Series films are produced with advanced technology. The color does not fade and heat blocking performance of this product is higher than standard window films. ORACAL® Basic Window Films provide ease of application when right methods and equipment are used.

Release Paper

Silicone-coated transparent polyester on one side (silicone: 0,25g / m²)

Adhesive

Acrylic copolymer, repositionable, transparent
